out of office
Huh...?
Again?
What should we do?
The nurse is out...
...Um... Did your nose stop bleeding? Are you alright?
I'm alright. Bleeding stopped too.
That's good.
Okay, I'm gonna go now. Sorry about that.

You should go back to class and get some rest.
What's happening? My head hurts again...
Argh..
This is weird.

Sycha
How noisy.
Are you done watching over your guy?
If you want to compare, then the kid you're watching over is noisier, no?

You must've heard it, right?
His future.

He wasn't just noisy, he was loud.

Huh? Was someone being loud? What are you two talking about?
Scratch Scratch

Badman is known as "The One Who Hears The Future."
So?

I can hear a little bit of someone's future.

Oh— Wow— Really???
That must be so convenient! You could know anything about the future!!!
My ability's not that great. I can just tell if the future is going to be loud or quiet.
Oh, so he'll is what you meant when you said the boy will be problematic in the future?
Hahaha. Yes. From what I heard, his future is going to be really loud. Really, really loud.
That means something fun is going to happen.
Ah— It may be fun for you, but not for me. It's just too loud and annoying.

I still don't get what you two are talking about...
You will get it later. Haha
Dumbass.
I'm not a dumbass!
...I'm leaving. My ears hurt from all the noise. See you.
Oh, then...a dimwit?
You're so mean!
You're leaving? Bye~
Hehe~
Scratch Scratch
Okay then... I'm gonna get going too...
Where're you going?
Snap

Oh... I need to go pick up something...
crunch
crunch
Pick up what?
Ta-da~!!! This!!! Hehehe.
Jasiine... This is...
A soul candy, no?
It is! It sometimes comes up from underground on this side. It's tasty!
@
nom nom
I told you not to just pick those things up and eat them, no?
Ow! Why did

you hit me!!!

Spit it out.

You're so mean... Sniff sniff...

Ha...

I'm alright. Bleeding stopped too.

Hah.
Aigh
Ah.
Are you okay?
Ah...
Hahaha.
My head just hurts a bit.
It stopped for a while,
but it's hurting again.
Oh... yeah?...
You should go
to the nurse's
office and lie
down.
It's closed.
She's out of the
office again?

My head hurts.
What's wrong?
Hahaha, how did you know? That nurse is never there.
I bet it's all bullshit. She's probably just hiding because she's scared of the students.
Haha... that might be it. That makes sense actually.
Should we go make fun of her?
Nah, haha. What happened to the soccer game?
Man~ you stepped out and the game got uneven, so I just stepped out too.
They let you go? If you played, your team would have surely won.
Well yeah, but the MVP needs rest too. Right?
MVP? Hehaha.
Hey, weren't you throwing up back

there though?
Are you really okay?

Huh?

Ohh—
I'm okay.
No worries,
I just...

...saw something
weird.

Arsh

Tap—

AH?

aaaahC
Ah–
Goddamn it.
